## CHRISTMAS SWITCH ON

We have produced many  
Christmas Switch On events for  
radio stations, local councils,  
shopping centres and retail parks.

As with everything we produce, we  
are able to supply every aspect  
of a Switch On event creating a  
festive occasion for everyone to  
enjoy.

We can provide the infrastructure,  
performers, and special effects  
required whilst also liaising with  
the relevant safety advisory group and  
any relevant agencies should it  
be required.

Piper Music can create events on any scale, in any format and in any location.  
If you can imagine it - we can deliver it for you.

Piper Music can create and produce every type of event, product launch, concert, PR stunt, conference, awards show, roadshow and tour you can imagine.

Piper Music has created and produced events for national, and regional radio media companies, local authorities, schools, private individuals and companies.  
We have an excellent reputation for producing live events.

Whether it be providing everything required for a successful show, Stage, Sound, Lights, Security, Crew etc, or simple providing artists for your event, Piper Music can deliver.

No show is too small or too big as we can stage events for as little as a few hundred people to a few hundred thousand and provide artist or world class calibre to promotional acts.

If you would like to discuss what we can offer your event please contact the team at [info@pipermusicmanagement.co.uk](mailto:info@pipermusicmanagement.co.uk) where we will be happy to discuss your needs.
